Most of my review involved offering material to clarify or otherwise support decisions in Chapter 2, so the details are in the attached mark-up. I'm glad to discuss any unclear comments or suggestions.

Sue, thanks for organizing QA.

Deliberative Process / Ex. 5

Todd should make an archive (on share drive) of Wizards used to produce Ch. 2, that may help with QA and should be done for any assessment.

Re deadline, we will review well enough to raise warnings (if warranted) but if we find something that seems amiss, following up could require more time

John and Karen,
Just to follow up on Samantha's email...

(1) does a review of RDX chapter 2 by somewhere around July 15 seem possible?

(2) Kat Fite will be helping with the QA of the numbers in Ch 2 of the RDX assm. My thought was to include the following in the QA effort:

Hi all,

I sent the request to the SWG, please see the email trail below.

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

I am pushing for the 15th as that assumes Karen is back in the office next week and still gives someone over a week to read through. However, I will leave this and the other details to be worked out between Sue Rieth and the SWG co-chairs, as I will be out of the office from July 7th to the 14th and don't want to slow anything down.

Thanks,

Samantha
